## VI. Officer Reports

President:

- So pretty brief a few people mentioned an all-board project to create a larger impact, it's kind of a minor thing we are working on now. To try and make something more consistent and on brand we are going to conduct a survey. I will be sending something in slack essentially to help develop the survey and to include any questions you think would fit for the survey. The poll on slack is not the only way you will be able to help develop the survey. And we'll need help in sending it out to students. Reach out for shadowing.

Angie: May I rise to appoint a personal privilege.

Kayla: will you be returning?

Angie: yes

Vice President Report:

- Starting off, start shadowing sooner rather than later so you're not rushed. Two things for conc sheets check your clipboards I've made notes on them. They're there for your benefit and make sure to fill out your initiative sheets, they are no longer just events they are anything that a committee or college does. We want a reason behind the initiatives not just for funsies. Service soiree April 7<sup>th</sup> 5-9 check with me if you're still interested, there's a photo booth! If you're asking people to be on our subcommittees, please get their emails and give them to us so we can reach out and properly adjust them to SGB.
